

Introduction:

The Bury Park Neighbourhood Detached Youth Project works with young people aged 11 - 25. We employ two part time detached youth workers. Their role is to engage with young people in their own environments, at the grass roots of their communities.

The project has a number of aims:

- To support the improvement of educational achievement.
- To reduce the number of school exclusions.
- To increase the number of young people entering higher and further education, training or employment.
- To reduce crime, nuisance, youth and drug abuse

Our Services:

The project will facilitate young people to develop their own goals and plans using the 'informal relationship' youth work model of support.

All young people will be proactively included in mainstream educational and other community activities.

We will enable young people to access a variety of services. This includes:

- Training,
- Modern Apprenticeships,
- Careers advice,
- Health advice,
- Drug and alcohol abuse support services,
- Housing advice,
- Sporting Activities.

Our Services *contd:*

Our offices have fully networked PC's and a counselling room.

We will work very closely alongside local schools, Police, Housing, Connexions, Youth Offending Team, Health Authority and Social Services in order to provide a whole package of services for young people tailored to their individual need.
